## Sierra Madreans Expected To Pay \$321,159 More Tax

Land Value Reassessment To Hit Owners Harder, Rate Up 27c

### Salaries Show Largest One Item Increase; What To Do

by R. ROBERT EVANS

Although the following is purely speculative, it is close enough to the absolute facts, that all Sierra Madreans should take careful note, and make plans for the future payment of their tax bill.

#### New Tax Rate

With the announcement this week that the new anticipated tax rate for the County of Los Angeles will be approximately 16 cents per \$100 valuation higher, the report of the Pasadena Unified Schools that their tax rate increase will come in the neighborhood of 15 cents per \$100 valuation, and the anticipation that the City of Sierra Madre may lower their tax rate from 3 cents to a maybe 5 cents, the new tax rate for citizens of Sierra Madre for their land and buildings is expected to be approximately \$8.72 per \$100 valuation. The personal tax rate for merchants with stock and fixtures is estimated to be approximately \$10.50 per hundred dollar valuation.

#### Complete Story

The complete story of your tax dollar increase does not necessarily come in the fact that your "tax rate" has been increased or reduced. The tax rate set is one factor, but the most important factor lies in the increase or decrease in valuation placed against your taxable property.

#### Valuation Up

Recently it was noted by the City of Sierra Madre that the valuation of assessed property within the city had been raised approximately \$4 million, now standing at an estimated figure of \$19,422,000. Approximately \$800,000 of this amount is estimated to be new buildings and new construction, the balance of the \$4 million is in increased valuations, most of which was in the new formula of the Assessor's office of assessing land at 25 per cent of its resale value.

#### What We Pay

Now we take the anticipated new tax rate of \$8.71 per \$100 valuation, and we find that Sierra Madreans will be expected to pay an additional \$52,439 over the past year, plus the increase in valuation of \$3.2 million or an increase payment expected of \$278,720 for a combined total of \$331,159 additional tax money that is expected to be assessed against property owners of Sierra Madre. The total being close to \$2 million.

### Building Permits In S.M. Drop

Total number of building permits issued for the month of July were, 27 permits with a valuation of \$324,195. The number of dwelling units, two singles, three multiples with a total of 28 units and valuation of \$294,500.

Street, electrical and plumbing permits, 75, and fees collected of \$646.41. Business license fees collected for the month of July \$882.75. Permit and plan check fees on \$1,564.70.

A comparison of building for the first seven months of 1964 and the first seven months of 1963 show \$1,208,055 for 1964 and \$1,607,585.50 for 1963. This shows a drop of \$399,530.50.

Bike licenses issued were 15 with fees of \$3.75 and dog licenses issued, 220 with fees of \$660.

#### Salary Increase

In analysis of the various budgets, the prime increase that has been noted is in the category of salaries. County, city and schools have shown over a \$2 million increase in this area.

#### Lower Budget

City Fathers of Sierra Madre have labored many evenings over the budget, have gleaned all unnecessary expenditures from it and are in great hopes of being one taxing administration of the county that will have a lower tax rate and it is hoped that it will be between 3c to 5c per \$100 valuation. Here too, as other taxing agencies, the City of Sierra Madre, to keep high caliber employees, found it was necessary to give a salary increase from 5 to 10 per cent, making an overall increase of approximately \$28,000. Although the increase valuation applied to the anticipated tax rate gave the city additional dollars, they did not my any means take on the attitude that we now have the valuation, let's take the extreme, following the rest of the taxing agencies and up the tax rate. Instead they took only that which was necessary, closely analyzing each department's need and cutting away all the expenditures that were absolutely not necessary. Our City Administration has at least taken a step in the direction, lowering the tax rate.

#### What Do You Owe

A good rule of thumb, in trying to find what your actual tax payment is going to be for the next year is to first find your tax bill for the past year. If your land HAS NOT been improved during the past two years, the period when the new formula was being used, then you can rest assured that you will receive somewhere in the vicinity of an increase of 25 per cent in the land value. Your buildings or improvements are taxed at approximately 25 per cent of their actual resale value.

### Report of GOP Cental Commitee

Mrs. Kurt E. Ferber recently returned from the California Republican State Central Committee convention held in Sacramento August 1 and 2. Over 1000 delegates convened at the state capitol over the weekend to select the officers for the coming two years and adopt a platform.

San Diego physician Gaylord B. Parkinson succeeded Cap Weinberger as state chairman and San Mateo's James Halley was unanimously voted as vice chairman after a brisk contest with Vern Cristina of Santa Clara County. Ann Gallagher of Tustin defeated Louise Hutton for Southern California's Women's vice-chairman.

Saturday's platform session continued until 11 p.m. and Sunday's general session, held in the assembly room of the capitol building, didn't let out till after 9 p.m. United Airlines put on a special plane to take care of the Los Angeles area delegates who couldn't get on other flights.

The State Central Committee is the backbone of the Republican Party in California and will exert all efforts for Republican victories from the top of the ballot down.

### Gullett & Harris Put Out the Red Carpet

Something new has been added to Kersting Court this past week, when Gullett and Harris, store for women, started their remodeling program, they decided to show the people of the area that the "red carpet" was always out to them. They installed a red carpet at the entrance of their store at 1 Kersting Court.

The Gulletts, have installed a completely new air conditioning system, repainted the interior and added plush red carpeting to their floors, all with the thought in mind of making your shopping a more pleasurable time.

Here also, a complete clearance sale is in progress to make room for fall merchandise that is starting to arrive daily. Your approval of the new look would be greatly appreciated.

### Janet Scott Services Were Held August 1

Janet Smith Scott of 669 Mt. Wilson Trail, Sierra Madre, passed away July 29. She was a native of Bethlehem, Pa., and had been a resident of Sierra Madre the past 20 years.

She was a member of the auxiliary staff of the Sierra Madre Hospital, former member of the Arcadia Board of Realtors and a former member of Escrow Association (San Gabriel Valley), member of the Arcadia Business and Professional Women and a member of the Arcadia Soroptimist Club.

She is survived by her husband, James Scott; two sons, Courtney Shropshire III and James Duffy Shropshire; three grandchildren and her half sister, Mrs. Charles Smith of Waterbury, Conn.

Services were held Saturday, Aug. 1, at 10 a.m. in the Chapel of Glaser & Miller Mortuary, Arcadia. Rev. James England, her brother-in-law, officiated. Interment in Mountain View Cemetery, Altadena.

### Activities Of S. M. Firemen

The membership of the Sierra Madre Volunteer Fire Department over the past 40 years has found men from all walks of life in the city. There have been merchants, plumbers, gas station owners, garage owners, manufacturers, engineers, city employees, policemen, electricians, machinists, and others who have been and are willing to serve their fellow citizens in this very vital need. Many men have gone on to serve on the city council.

An honor is awarded to each man who has served 20 years on the department. It is a gold badge with his name, rank, and number of years of service engraved on the back. At present, there are four men who have received this award.

Social activities, during the year, add to the strong unity the men of the Fire Department share. Money for these activities is raised by contributions from the men of the department. The most important event is the July 4th picnic, which encourages the men to stay in the city over the holiday.

For those who are interested, over 21 years old, and live and work in the city, please contact a member of the department or go to a drill or business meeting any second or fourth Friday of the month.

### Girl In Critical Condition

### Boy and Girl Hit In Two Separate Auto Accidents

A boy and a girl were injured in two separate accidents involving automobiles and bicycles in Sierra Madre this week.

The first of the two accidents happened at the intersection of Sycamore and Grand View Avenues at 3:40 p.m. Monday afternoon, August 3, when 13 year old Linda Eisenhart, daughter of Mr. and Mrs. Kirwin L. Eisenhart, of 1826 Chantry Drive, Arcadia, riding her bicycle down Sycamore entered the intersection at Grand View, turned right and passed over the center line into the lane of traffic going east and hit an automobile driven by James Scott. It was just last week that James Scott's wife was killed in a traffic accident in El Monte.

Patrolman Al Lindkens, investigating officer, stated that in spite of the pleas of her friends, Linda was riding a bike which had no brakes, and while on the downgrade of Sycamore lost control of the bike. She hit the front right side of the grill and was flipped through the windshield. A witness said that the bike was traveling at least 15 to 20 miles an hour. She was taken to St. Luke Hospital in very critical condition. At this writing she is still in a coma with a possible skull fracture, possible fractures of the left leg and face lacerations.

The second accident occurred at 8:17 Tuesday morning when Steven Gagne, 10, son of Mr. and Mrs. Raoul Gagne, 441 Santa Anita Court, rode his bicycle out of the driveway of 451 Santa Anita Court in front of a car driven by John Robert Herford of 421 Santa Anita Court. Steven was rushed to Sierra Madre Community Hospital with abrasions, and was returned to his home for 24-hour observation. Patrolman Betts was the investigating officer.

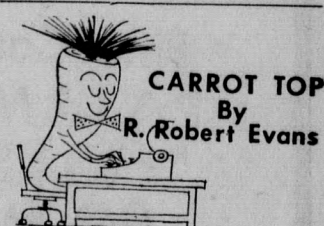

### Report of GOP Cental Commitee

Mrs. Kurt E. Ferber recently returned from the California Republican State Central Committee convention held in Sacramento August 1 and 2. Over 1000 delegates convened at the state capitol over the weekend to select the officers for the coming two years and adopt a platform.

San Diego physician Gaylord B. Parkinson succeeded Cap Weinberger as state chairman and San Mateo's James Halley was unanimously voted as vice chairman after a brisk contest with Vern Cristina of Santa Clara County. Ann Gallagher of Tustin defeated Louise Hutton for Southern California's Women's vice-chairman.

Saturday's platform session continued until 11 p.m. and Sunday's general session, held in the assembly room of the capitol building, didn't let out till after 9 p.m. United Airlines put on a special plane to take care of the Los Angeles area delegates who couldn't get on other flights.

The State Central Committee is the backbone of the Republican Party in California and will exert all efforts for Republican victories from the top of the ballot down.

A couple of weeks ago when I flew to Portland, Oregon, for a couple of days, the experience will be one that I will not forget for many a moon.

First off I took the "red carpet" flight offered by one of the most prominent airlines, and true to form, regardless of how well an organization or a company is run, something always goes astray and we were thirty-five minutes late out of Los Angeles International.

Don't ask me why we were late. I was there, the pilot was there and I made sure all of the stewardesses were there, but it seemed that the ground crew did not want to let us get in the air. Maybe it was overtime or something that kept them fooling around... anyway.

As I said before, we took off thirty-five minutes late, and I was amazed in the first place that they made than 1100-mile trip in two hours, but I had my ticket all paid and I was going to take a chance, so you can see that the thirty-five minutes late was not going to bother me, especially when it was only going to take a couple of hours anyway.

Well, we had no more than taken off the ground, straight up, when the pilot informed us that he was taking a short cut, to where I didn't know, but I was aboard and was going along, anyway. He then announced that Fresno was on the left, and I figured that we hadn't gotten any farther than Glendale.

About that time I had a very lovely turkey dinner placed before me. While I was looking over all the goodies, the pilot said that he did not know how we were doing, but as we passed over San Francisco they told him we were really moving, and that they had clocked him at 635 mph hour.

Personally, I was hungry, and the dinner was sure enticing, but all of a sudden I wondered if I would have time to eat it before we landed in Portland, and then I began worrying if we would overfly the small settlement and maybe end up in Seattle.

So, right away quick, I drank everything on the tray, some of it was pretty potent, but it was a good thing I did, for about that time the stewardess shouted, "Fasten your seat belt, put out your cigarette, we are coming in for a landing."

I inquired if it was an emergency, and she informed me that it was not, that we had arrived at the Portland International Airport... we had been in the air for exactly one hour and thirty-five minutes, and were but ten minutes late.

I am actually afraid to... Please turn to Page 11

MR. AND MRS. HAROLD PETERSEN and young son Jim, who recently took an eastern buying trip, are shown coming out of the Brown Shoe Company in St. Louis, Missouri. Harold's Shoe Store just recently celebrated their 10th Anniversary, all of those years having handled the top line of shoes manufactured by the Brown Shoe Company. The buying trip also earmarked the 25th wedding anniversary of the

Petersens. The fall line purchased by the Petersens will start arriving in the next couple of weeks and be available for school. At the present time they are winding up their annual mid-summer clearance to clear their shelves for the new fall merchandise. Their final clean-up advertisement can be found in this issue of this newspaper, where you will find shoes advertised for as low as \$1 per pair.

### Don Jackson Celebrates 18th Year

The sale of the year in men's clothing is being held this week at the Don Jackson's Store for Men.

Getting his store ready for the arrival of fall merchandise, and at the same time celebrating his 18th anniversary, Don Jackson is holding this three day sale August 6, 7 and 8, and is making it a storewide event.

All sales merchandise is regular stocks and of the quality that the Don Jackson Store is noted for. It will pay you to be early on Thursday, for the very best in selections of colors, styles and sizes.

### SM Night At Dodger Park August 21

The Sierra Madre Parks and Recreation Commission and the Sierra Madre Kiwanis Club this year will jointly sponsor a night at Dodger Stadium on Friday, Aug. 21. Two hundred seats on the third base side have been reserved. The ticket price is \$2.50 and for those also using the bus, a charge of \$1.25 each will be made. The buses will start loading from the parking lot east of the city swimming pool at 6:15 p.m., so as to allow adequate time to reach the stadium.

Game tickets and bus passes will be on sale at the City Hall, City Swimming Pool and Hartman's Drug Store. Obtain your tickets early, as unsold tickets must be returned Aug. 17, and no tickets can be held unless they have been paid for and picked up by that date. Exchange or refund after Aug. 17 will not be made.

### On Three-Month Missionary Trip

Dr. and Mrs. Robert N. Schaper leave this week for a three-month trip visiting missionary stations around the world. The trip is made possible by the congregation in appreciation and recognition for their faithful and fruitful service in the ministry of the Lord at Bethany Church of Sierra Madre for the past 11 years. First announcement of the trip was given at an "Appreciation Banquet" held in their honor in July of 1963.

Their itinerary will carry them first to New York and the East coast, speaking several times there; then to Brazil, visiting the Rev. and Mrs. Dewey Mulholland, instructors in a Conservative Baptist Seminary at Floriano, Piaui, Brazil. They will then travel to the Continent, ministering to several hundred missionaries in a Missionary Conference in Switzerland sponsored by the Greater European Mission, directed by one of the church's outstanding missionaries, Mr. David Barnes. Mr. Barnes is the president of the European Bible Institute in Paris, France.

The Schapers will then continue eastward, visiting the Holy Land and points in the Far East, returning near the first of November. They will minister to missionaries who have been supported by Bethany Church of Sierra Madre through the years of their pastoral service at the church.

### Richard Cudmore Serves Aboard Submarine Tender

Richard T. Cudmore, seaman, USN, son of Mrs. Thomas D. Cudmore of 150 Highland Ave, Sierra Madre, recently returned to Charleston, S.C., aboard the Navy submarine tender USS Proteus, completing a tour of duty at Holy Loch, Scotland and Rota, Spain.

Proteus, recently fitted out as the nation's first tender to service and repair nuclear powered fleet ballistic missile submarine, is normally based at Holy Loch, Scotland.

She will remain in Charleston to be loaded with the supplies and repair parts necessary for upkeep of the latest class fleet ballistic missile submarine.

### Business Property Down

### Assessor Watson Lists 1964 Assessed Valuations

The Assessor's Office this week released the preliminary 1964 assessment totals for cities and school districts.

The breakdown of the county total of approximately \$12,262,000,000 showed the city of Los Angeles with a net gain of about \$5,000,000 in assessments over last year — \$5,005,102,994 total taxable net for 1964 over \$5,000,181,903 for 1963.

The total is made up of: Land, \$1,789,647,230; Improvements, including trade fixtures, \$2,836,276,450; Personal Property, \$598,840,517; less exemptions, \$219,661,203.

In addition, the City's share of county-assessed solvent credits is \$548,611.

### Utility Tax Rate Set By State

Properties owned by utilities — gas and electric, telephone and telegraph, railroad, express, and inter-county pipelines companies — were assessed by the Board of Equalization at \$4,442,000,000. This amount was more than 2 per cent higher than the valuation placed upon them a year ago. Richard Nevins, Southern California member of the board, stated that the 197 companies subject to state assessment have two weeks in which to protest the valuations assigned to their properties. Thereafter, — Please turn to Page 5

### Business Activity Increase For Southern California

Business activity in Southern California increased strongly during the first half of 1964. As measured by the Business Index, the economy averaged more than 8%

above the same period of 1963. Particularly impressive gains were recorded in bank clearings, retail sales, industrial power sales, and real estate activity. Total employment rose moderately, while construction reached new record levels. Con-

tributing substantially to the general economic expansion was the area's rapid population growth, which is at a rate nearly three times the national average. By July 1, an estimated 11.7

MR. AND MRS. DENNIS WAYNE OWER  
... nee Linda Alice Osterman

### Linda Osterman, Dennis Wayne Ower United In Formal Evening Wedding

A beautiful evening wedding on July 11 united Miss Linda Alice Osterman and Dennis Wayne Ower in marriage. The Rev. Harold F. Blakley performed the double ring ceremony in the presence of 300 guests at the First Methodist Church in Santa Cruz.

The bride is the daughter of Mr. and Mrs. Robert A. Osterman of Santa Cruz, and the bridegroom is the son of Mr. and Mrs. Albert John Ower of Sierra Madre. Given in marriage by her father, the bride was lovely in an empire-styled floor length gown of peau de faulle, embroidered with pearls and crystals. Her detachable train was fastened at the back with a bow, which was also embroidered with pearls and crystals. Her full length tiered veil was secured by a matching embroidered bow, and she carried a crescent bouquet of white roses and stephanotis.

Wearing empire-styled full length sheath gowns of pale pink crepe, the bridal attendants included Miss Kathy Ower, sister of the bridegroom, as maid of honor. The bridesmaids were Miss Pat Phillips, Miss Judy Jones, Miss Donna Storm, Miss Sally Wharton, and Miss Judy Yeazell of Santa Cruz, and Miss Penny Hedgpeth of San Jose. Matching pale pink crepe bows secured their short full veils, and they carried crescent bouquets of pale and deep pink rosebuds.

The junior bridesmaids were Debbie Field of Lodi, cousin of the bride, and Gail Ower of Monrovia, niece of the bridegroom. Their full length gowns of pink silk organza over pink taffeta were fashioned like the bridesmaids. Their headpieces were matching bows and they carried small crescent bouquets of pink rosebuds. Wearing identical gowns to those of the junior bridesmaids, and carrying white baskets of pink rose petals were the flower girls, Ilora Ower of Monrovia and Cherie Salters of Roswell, New Mexico, nieces of the bridegroom.

John Ower of Monrovia served his brother as best man. The ushers were Byron Snelling of Duarte, uncle of the bridegroom; Jerry Salters of Roswell, brother-in-law of the bridegroom; Alan and Terry Ower, brothers of the bridegroom; Al Hodgson of Santa Cruz and Gary Griffiths of Altadena.

Wedding music was provided by Mrs. Jerry Salters, sister of the bridegroom, who sang "Because," and Mr. Shirley Field, the bride's uncle, who sang "O Perfect Love." They were accompanied by Mrs. John Grodon at the organ.

For her daughter's wedding, Mrs. Osterman chose a full length sheath of rose chiffon over taffeta, fashioned with a double chiffon train which flowed from three chiffon roses. Her headpiece was a cluster of three identical chiffon roses, and she wore matching accessories. Her corsage was of white roses and stephanotis.

The bridegroom's mother

wore a full length gown of gold crepe. It was designed with a scoop neckline, wrist length sleeves, and a full skirt which had a fitted drape in back. She wore matching accessories and her corsage was of gold roses.

Following the wedding, a reception was held in the church social hall, which was decorated with baskets of delphiniums. Miss Beverly Yapp passed favors and Mrs. Wayne Field, the bride's aunt, attended the guest book. Mrs. Norman Lund, Mrs. Edmund Sandford, Mrs. Richard Hedgson, Mrs. Paul Murphy, Mrs. William Heinze and Mrs. Vernard also assisted.

Honored guests at the wedding were Dr. and Mrs. Hugh K. Hamilton, Dr. Hamilton officiated at the marriage of the bride's mother and father.

Out-of-town guests included the bride's great uncle and aunt, Mr. and Mrs. George Field of Lodi; her uncle and aunts, Mr. and Mrs. Wayne Field and family of Lodi; Mrs. Elsie Hurd of Sacramento, and Mr. and Mrs. Louis DiResta of San Francisco. Also the bride's cousins, Mr. and Mrs. Peter Gilli and family of Bakersfield. The bridegroom's grandparents, Mr. and Mrs. Arthur Snelling of Delano, were also present, as were his uncles and aunts, Mr. and Mrs. Byron Snelling of Duarte, and Mr. and Mrs. Harry Oakes and family from Illinois. Also Mr. Bradley Booth of Pasadena.

Wearing a silk shantung suit, the new Mrs. Ower and her bridegroom left for a short honeymoon trip to Carmel and Santa Barbara, then down the coast to Sierra Madre. On July 14, the bride's parents gave a sec-

### Results At Eaton Canyon Golf Club

The results of the "Flag" Tournament held by Eaton Canyon Women's Golf Club were announced as follows:

A flight, Flo Temmesfeld, Gloria Keough, Betty Ashway.

B flight, Fran Wall, Lee Nestler, Doris Pooler.

C flight, Nicky Riordan, Betty Reese, Marie Appleford.

The players are listed in the relative position that they finished.

ond reception at the Bethany Church social hall in Sierra Madre for friends and relatives who were unable to attend the wedding. The bridegroom's parents had also hosted a rehearsal dinner on July 10 at the First Methodist Church social hall in Santa Cruz.

The bride attended Soquel High School, and plans to complete her high school education by correspondence from the University of California. Her husband, a graduate of Pasadena High School, is stationed with the U.S. Air Force at Bentwaters Air Force Base at Great Bealings, Suffolk County, England. The newlyweds flew by jet July 16 to England where they expect to make their home for the next two years, then they will return to Southern California for their permanent residence.

### National M.S. Society Seeks \$300,000 Goal

August has been designated as "Conquer Multiple Sclerosis" month and the Southern California Chapter is seeking a goal of \$300,000 for the current year, according to Charles R. Jones, chairman of the board of trustees.

Last year, \$288,000 was raised to financially support five local M.S. clinics, assist needy patients, and to support national and international M.S. research.

Mr. Jones reports with pride that last year campaign costs were reduced from 24 per cent in 1962 to 14 per cent in 1963. He expects costs to be even lower in 1964.

"Due to the need of funds for research, we must conduct an individual campaign. The local United Funds and Community Chests do not have sufficient funds for research," Mr. Jones continued.

"We wish to express our thanks to the press and other media, business firms, clubs and organizations, employee groups and the generous public for their support last year. The need for funds to conquer M.S. and assist needy M.S. patients merits support in our August campaign this year," Mr. Jones concluded.

If you desire information about M.S. write to the Multiple Sclerosis Society, 622 S. Kenmore, Los Angeles 90005 or call DU 8-0461.

## You and Your Neighbor

### Vacation Plans

by Pauline  
Mr. and Mrs. Ralph Hornbeck, with their children Don and Marilyn, are spending a heavenly four weeks leisurely driving to Canada and back. Among the many interesting places they plan to visit for sightseeing and relaxation are Yellowstone National Park, Banff, Lake Louise and Glacier National Park.

Mrs. Robert Green of Monrovia recently went up to Walnut Creek to spend two weeks with her daughter and son-in-law, Mr. and Mrs. Robert Blake, and their three year old "Cammy" to wait for the arrival of her second grandchild. After Miss Hilary Ann was born, Mr. Green, manager of the Sierra Madre office of the

A weekend trip to San Diego was recently enjoyed by Mr. and Mrs. Sterling Ripple and Susan and Ken. While there, they had the pleasure of seeing "MacBeth" presented at the Old Glode Theater, which with its gardens and interior design really sets the Shakespearean mood.

## Social and Club Activities

### Engagement of Barbara May Captain U of C Lists Summer Graduates

### To Philip Stuart Miller Announced

BARBARA MAY CAPTAIN  
... Engaged

Announcement of the engagement of Miss Barbara May Captain to Philip Stuart Miller, son of the Maxwell Millers of Kerns Avenue was made, July 11 by the bride-elect's parents, Mr. and Mrs. G. Gilbert Captain of Riviera Drive at a dinner party attended by both couple's parents, Robert Captain, brother of the bride elect; David Miller, brother of the bridegroom elect, Mr. and Mrs. Oscar Berggren of Inglewood, the prospective bride's grandparents, and Mr. and Mrs. Stanford Hart, grandparents of Mr. Miller.

The couple plans to be wed next July 3 in First Baptist Church of Pasadena. The bride-to-be graduated from Pasadena High School

where she was a member of the Drill Team, president of Thespians and a member of the California Scholarship Federation. She graduated PCC where she was president of PHENIX Sorority and will complete her education at California State College at Los Angeles in the fall and then do her student teaching.

Phil will attend USC Law School this fall, having graduated from USC and been elected to Pi Sigma Alpha, national political science honorary. While at San Marino High, he was a prominent athlete being a four year man on the football and basketball teams and playing end in 1957 for the C.I.F. championship squad. He graduated in 1958 and was athletic commissioner and a member of Prometheans.

### Tri Deltas Give Baby Shower For Mrs. J. Sessions

A surprise shower of baby gifts greeted Mrs. John Sessions of Hastings Ranch Wednesday night, June 24, when she entered the home of Mrs. Donald Dewey, 2945 E. California, Pasadena. There, waiting to congratulate her on the recent birth of James Scott Sessions, were many close Tri Delta friends. Mrs. Richard Boblit of San Gabriel and Mrs. Mervin E. Johnson of La Canada, who first joined Delta Delta Delta with Mrs. Sessions at the University of Colorado, served as co-hostesses with Mrs. Dewey for the party.

Guests at the party were local Tri Delta alumnae. Mrs. Sessions has worked for Tri Delta in many capacities, including serving as president of the Pasadena Junior Group which was the nucleus for the recently formed Arcadia Area Alumnae of Delta Delta Delta. Those attending included: Mrs. William Bird and Mrs. Michael A. Buchanan of Pasadena, Mrs. Harold Libby of Arcadia, Mrs. William V. Wright of San Marino, Mrs. Jerry W. Asher Jr. of Sierra Madre, Mrs. Stuart Smyth of Monrovia, Mrs. Nell Fine of San Gabriel, and Mrs. Ronald McAdams of Temple City.

In anticipation of their very special houseguest, Mr. and Mrs. Charles Hampshire have recently had their home at 3570 Cartwright completely redecorated. Arriving this week will be Mr. Hampshire's sister, Mrs. Quentin Quick from Arlington, Virginia, who they have not seen for 18 years. Mrs. Quick will be in California for about a month visiting her other brothers too, but for the several weeks that she is here, the Hampshire's with their daughter, Suellen, have lots of sightseeing trips to Disneyland, Marineland, etc. planned for her.

## CRIB CROP

### New Arrivals in the Sierra Madre Area

Mr. and Mrs. Robert G. Gurule proudly announced the birth of their sixth child on July 22. Their new son, Robert Michael, weighed 7 pounds, 13 ounces when he arrived at Huntington Memorial Hospital.

The Gurules' oldest daughter, Theresa, is married, but still at home, 45 W. Highland, Sierra Madre, and very happy to have a little brother like "Robbi" are Nicholas, Linda, Vincent and Judith.

Their grandparents are Mr. and Mrs. Pedro Holquin

of New Mexico, and Mr. and Mrs. Gurule of Oakland.

July 22 was an exciting day for Mr. and Mrs. Gar Smith of Monrovia as they happily welcomed their second daughter, little Miss Diana Lynn, born at 11:30 a.m. at Methodist Hospital and weighing 7 pounds, 9½ ounces when she arrived.

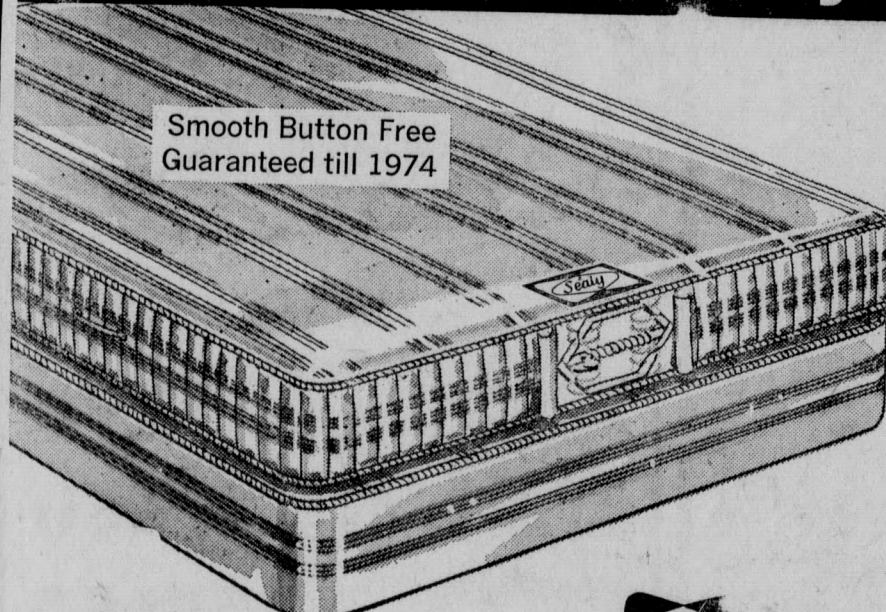

Diana's big sister is Tina Lori, 3 years old. Their proud grandparents are Mrs. Anna Santorsola of Arcadia, and Mr. and Mrs. Orville E. Smith of Clearwater, Fla., formerly of Arcadia.

## Vacation Reading

park. Many teenagers are  
getting a head start with  
their book reports and col-  
lege reading requirements.  
And so it appears that va-  
cation reading has set an  
all-time record in Sierra  
Madre.

## Assessor Watson

sonal property ratio had af-  
fected both the personal  
property and improvement  
columns on the roll. Busi-  
ness trade fixtures, which  
are entered on the roll as  
"improvements," had also  
been assessed at the higher  
personal property ratio and  
had to be adjusted this  
year.

Watson said the effect on  
individual district totals  
varied in proportion to the  
amount of industry within  
district boundaries.

The totals here do not in-  
clude County public utility  
values which are assessed  
by the State Board of Equal-  
ization.

## Utility Tax

the utility rolls will be sent  
to the counties where local  
property taxes of about \$350  
million will be levied upon  
these assessments.

Preliminary state-assessed  
values, together with coun-  
ty-assessed values of \$32.3  
billion, bring the aggregate  
local property tax base for  
the 1964-65 fiscal year to  
approximately \$36.7 billion,  
according to Nevins. He es-  
timates that this tax base will  
produce over \$3 billion for  
the support of counties,  
cities, school districts, and  
other special districts in the  
current fiscal year.

Thirty-eight of Cali-  
fornia's 58 counties shared  
the increase in utility prop-  
erty assessments. The larg-  
est growth was in Los An-  
geles County, where \$26 1/2  
million were added to the  
roll, while Orange County  
ranked second with an in-  
crease of \$16 million.

More than half of all  
utility assessments is rep-  
resented by the properties of  
the 31 gas and electric com-  
panies with assessed values  
of \$2.4 billion. Ninety-five  
telephone and telegraph  
companies, with an assessed  
value of \$1.7 billion, are the  
next largest group. The 35  
railroads will pay taxes on  
\$345 million of assessed  
value. Thirty-six miscellan-  
eous utilities, such as inter-  
county pipeline and express  
companies, account for the  
remaining \$28 million.

The foregoing figures ex-  
clude \$29 million of board-  
assessed values of railroad  
rolling stock owned by some  
100 nonrailroad companies,  
such as the Pullman Com-  
pany and Pacific Fruit Ex-  
press, which will pay a state  
ad valorem tax of \$2,017,000  
for General Fund use. They  
also exclude \$5.2 billion of  
state- and locally-assessed  
solvent credits, consisting  
mainly of accounts receiv-  
able. These are taxed at 10  
cents per hundred dollars  
and consequently will pro-  
duce only \$5.2 million of lo-  
cal property taxes.

Lions members who previously thought that little planning went into the removal of pavement on city streets were informed to the contrary last week.

R. E. Harbicht, manager of the Monrovia office of Southern Counties Gas, presented a fine program centered around the City Councilman who must explain to an irate citizen why a certain street has been torn up twice in one year.

Underground piping structures were shown which serve the city, such as water, oil, gas and steam.

The viewer saw the amount of labor involved and the planning so as not to disrupt normal traffic flow more than is necessary.

### L.A. County Tax Revenues Show Increase In '64

The principal tax revenues of local governments in Los Angeles County reached \$1,234,186,934 in the year which ended June 30, 1964, according to California Taxpayers' Association. Local sales taxes are imposed by cities and the county while property taxes are levied by all local governments, including cities, schools and special districts as well as the county government.

The 1964 figure represents a \$227,562,151 increase over the \$1,006,624,783 imposed for the year ending June 30, 1963. This three-year increase amounts to 22.6% while population during the same period increased 9.8%, according to the Association's analysis.

Local sales and property taxes throughout the state of California totaled \$3,171,885,661 for fiscal 1963-64. This total is made up of \$2,889,735,512 in property taxes levied and \$282,150,149 in local sales taxes. In the three years since 1961, total sales and property taxes in California increased from \$2,486,134,524. This is an increase of \$685,731,137, or 27.6%, during the period when population in the state increased 11.5%.

"California's spectacular and unceasing growth certainly has had its impact on government and explains in part the growth in local taxes," observed S. J. Arnold, executive director of California Taxpayers' Association. "However, every effort should be made to avoid excessive growth in taxes in order that California can continue to provide an attractive business climate for the industry we so desperately need to employ our swelling population. Tax control can only come from expenditure control."

### Letters To the Editor . . .

Dear Editor:

So now T. C. Lodge resorts to name calling! I say disturbed. No reason for YOU to be concerned. I've been getting along very well without your help for 40 years, so why should I need it now?

"None Dare Call It Treason" labels itself without your ultra-right advocacy. I did not mention Communism and see no reason YOU should except that,

### LEGAL NOTICE

**NOTICE OF DISSOLUTION OF PARTNERSHIP**  
Public notice is hereby given that Thomas H. Hancock, and Daniel O. Stolpe, heretofore doing business under the fictitious firm name and style of S&H Mfg. Co., at P.O. Box 523, City of Sierra Madre, County of Los Angeles, State of California, did on the 31st day of July, 1964, by mutual consent, dissolve the said partnership and terminate their relationship as partners therein. Said business in the future will be conducted by Daniel O. Stolpe, who will pay and discharge all liabilities and debts of the firm and receive all monies payable to the firm. Further notice is hereby given that the undersigned will not be responsible, from this day on, for any obligations incurred by Daniel O. Stolpe in his own name or in the name of the firm. DATED at Sierra Madre, California, this 31st day of July, 1964. Thomas H. Hancock Publish Sierra Madre News August 6, 1964.

A very enjoyable ten day vacation was recently taken by two local couples, Mr. and Mrs. Ramond Long, and Mr. and Mrs. Riley Creed drove to Fallon, Nevada, near Reno, to visit Mrs. Long's sister and family, Mr. and Mrs. Lawrence Riggs. From there they went to Lake Tahoe to stay with Mrs. Long's brother and family, Mr. and Mrs. Ernest Nash, at their cabin. The Longs' son, Rex, also returned recently from his two weeks of reserve training with the Marine Corps at Twenty-Nine Palms.

with Unusual Places," the Rev. Armin Hess will speak on the theme "A Sermon in a Graveyard" in the 8:45 and 10:30 Sunday morning worship services at Faith Lutheran Church, 845 Hastings Ranch Drive.

This sermon will be concerned with the first half of the 37th chapter of the Book of Ezekiel. The clergyman states: "Here the Prophet informs us that he was transported to a graveyard of uncovered corpses, the victims of war, whose dry bones were scattered about. The question addressed to him, 'Can these dry bones be restored to life?' he referred to the Lord's almighty power. After receiving the divine assurance of this possibility, the Prophet followed directives which were given to him with the resultant miracle of restored living people appearing before his eyes."

"Many of us sense and feel that some vital aspect of life is missing in our nation today," states the pastor. "This vision conveys what the Lord God can actually do to and with those whom He endows with His Spirit."

Holy Communion will be celebrated in the 10:30 service. The sacrament of Holy Baptism will be administered to the infant daughter of Mr. and Mrs. Timothy Stoll.

On Monday morning at 9, the Children's Vacation Bible School will enter the final week of daily instruction, handicrafts and films.

Beginning this week, the Junior Choir rehearsals are conducted on Tuesday evenings at 7:30, and the Senior Choir on Thursday nights at 8. The month of August will be devoted to preparations for the fall program, according to Choral Director Edgar Plischke.

### New Books At Public Library

Harris, John D. The Junkie Priest—work of Father Daniel Egan in New York with narcotic addiction.

Hofstadter, Richard. Anti-Intellectualism in American Life.

Johnson, Haynes. The Bay of Pigs—the leader's story of Brigade 2506.

Kesey, Ken. Sometimes a Great Notion—a novel of life in the Northwest lumbering country that men will like. Kilpatrick, Franklin. The Image of the Federal Service.

Kluger, Richard. When the Bough Breaks—a novel concerning the deep-rooted conflicts that split a suburban community.

Polman, Norman. Death of the Thresher. Leslie, Warren. Dallas, Public and Private—not the story of the assassination but of the city.

Read the Classified They are Little Bargains with a Saving

### Sierra Madreans Expected To Pay More

about what has been set in the budgets. . . . However, when elections come up, you as an individual can certainly vote NO on any proposition that has taxation attached to it. Further you can ask for additional services. . . . Remember they all cost money, and if granted

Many property owners are asking. . . . What can be done. . . . We are being taxed out of our homes. . . . And a lot of this is true. Very little can be done about the situation this year, as budgets and valuations are fairly well set, and we are sure that the board of equalization will not give much audience to a few who may complain, nor will taxing agencies do much

all appear in some form on your next tax bill. You certainly are in the same boat with your neighbors, and only by a combined effort can increased taxes be stopped, and it will certainly not be done by staying at home and growling to each other. Make yourselves known every time a taxing agency meets.

### Meet Monrovia . . . by GWEN

Our town has much to be proud of and a fine example is Mr. James Stone who risked his life and property while pursuing a hit-and-run driver that had killed a young girl in a crosswalk. Mr. Stone's automobile sustained \$200 in damages and was uninsured and this prompted another fine civic-minded citizen, Ralph Conner, Jr., to set up a fund to reimburse Mr. Stone. We inquired how the fund was coming along and Ralph commented on how gratifying it was to receive not only donations, but letters from all over Southern California, commending Mr. Stone on his selfless and courageous act. Ralph and his father have a business in Monrovia, "Conner Tours" and any donations may be sent directly to this address. Any money collected over the \$200 will be given to the girl's parents. Isn't this a beautiful gesture?

Miss Donna Pierce, daughter of Mr. and Mrs. Lawrie Pierce of Monrovia and Robert Vinson were married last Friday evening in the First Christian Church. Bob recently graduated from Chapman College and is now the youth director at the First Christian Church.

Of interest to all San Gabriel Valley residents was the recent appointment by the American Legion to Mrs. Robert Cuccaro as California Leadership chairman. Odette attended this spring and was then the California representative to the National Organization Leadership School in Indiana. Odette has long been active with the American Legion, (the largest patriotic organization with over one million members) Auxiliary and her new duties entail a great deal of traveling, consulting and supervising with the 30 dis-

tricts in this state. Sounds like quite a responsibility but Odette finds it stimulating and challenging.

While praising our town I would like to mention the local public library. Not only is it a marvelous place to spend a few quiet hours in search of information or pursuing the pleasure of reading, but the courteous and helpful librarians are constantly in attendance and no problem too insignificant for their attention. Recently a patron returned a book through the window slot, the book was returned to the shelf, then checked out by Mrs. Morse, who discovered a ladies' wrist watch inside the book. Usually any strange book-marks are placed in the "lost and found" drawer but in this case the librarian, Miss Pier, decided to trace the owner and subsequently visited the local jewelers and finally located one who could identify the watch (Wilson Jewelers). Miss Pier then called the owner and thanks to this involved process, I was certainly happy to get my watch back!

Approximately one hundred guests attended the reception at the home of Mr. and Mrs. Harold Sumner, 357 West Camino Real, Arcadia, in honor of Manney Bowler, candidate for the office of District Attorney. Among those attending were: Mr. and Mrs. J. Harvey Brown, Charles Bohnstadt, Hamilton Stone, Budd Garretson, Antone Nisson, Frank Regan, Robert Considine, Ed Heiss, Gordon Browning, Mrs. Edith Stalford, Frances Barlett, Virginia Ziebold, Donzella Boyle, Ruth Gray, Martha Coutant, Sheriff Peter Pitchess, Reverend Warren Anderson, Dr. and Mrs. William Lawlor, Dr. and Mrs. Robert Stragnell, City Attorney and Mrs. Homer Bell.

SIERRA MADRE NEWS—7  
Thursday, August 6, 1964

### Vacation Plans

Mr. and Mrs. Kaspar Hoehne of 268 E. Grand View have just returned from a 4-week dream trip to Germany that reunited them with their parents after many, many years. With their little son, Ted, who celebrated his third birthday on the plane, they flew to Frankfurt to see Mr. Hoehne's mother and three sisters for the first time in nine years. They also visited with Mrs. Hoehne's two brothers there, who they also had not seen since moving to the United States. And to their great joy they were finally allowed to travel into East Germany for a reunion with Mrs. Hoehne's parents. She had not seen her mother in 12 years or her father in 17 years, so it would be hard to describe their happiness while they were together, and the pleasure the Hoehnes had in introducing Ted to all the families.

**"MEMOS"  
FROM YOUR  
Stylist**

by LOLITA

So you have fine hair. Under good conditions fine hair looks soft and sleek and occasions more than a few envious looks from women with other types of hair. However, fine hair has its own peculiar problems. It isn't outstanding for its ability to hold a set. It's a good bet it is on the thin side, and what static electricity does to it in the winter just shouldn't happen.

Stimulation, daily brushing with natural bristles and frequent shampooing all are important to the health and beauty of fine hair. Kept tapered and fairly short, it will take more kindly to setting. Also, permanents designed for curve, not curl, will prove more satisfactory.

Whether your hair is as fine as a butterfly's eyelashes offers no problem at PETITE BEAUTY SALON. We can permanent it, tint or tone it, and send you home with the most tantalizing and titillating results you have ever enjoyed. One appointment will prove our case at PETITE BEAUTY SALON, 185 West Sierra Madre Blvd. Open 6 days — evenings by appointment. We've just installed the wonderful VAPOZONE MACHINE USED BY THOUSANDS OF HAIRDRESSERS IN EUROPE. It arrests and clears up dandruff, clears greasy scalp-dry scalp and is beneficial to the skin in every way. Try it. Phone EL 5-8041.

**THIS WEEK'S HELPFUL HINT:** Tinting, due to certain chemical actions in hair coloring, tends to swell each strand and give more body to your hair.

## Social and Club Activities

### New President For Woman's Auxiliary P.C.C. Extended Day Classes To L.A. County Medical Association Begin Sept. 14

MRS. WALTER F. SCHWARTZ

Mrs. Walter F. Schwartz, 3805 Landfair Road, Hastings Ranch, was recently installed as president of the Woman's Auxiliary to the Los Angeles County Medical Association. She has been active in its projects for 24 years and was president of Pasadena, District Two, in 1961-62.

Her summer will be taken up with co-ordinating the many projects and services of the fourteen district organizations which make up the auxiliary, and orientation of the newly appointed county chairmen in preparation for the first County

Fall brochures are available listing all Credit and Continuing Education classes at the following sites: Pasadena City College; Pasadena High School and John Muir High School; Foothill Intermediate School in La Canada; Temple City High School, and a total of 44 other sites.

Extended Day classes for the fall semester begin Sept. 14. For further information, please call Pasadena City College, 795-6961, Extension 261.

### New Residents In Sierra Madre

Bailey, 450 Gatewood Ave.; Ronald Groff, 611 Chaparral Rd.; Mrs. James Garcia, 126 W. Grand View, and H. J. O'Toole, 1900 Oakwood Ave.

**USE THE CLASSIFIED ADS. THEY BRING IMMEDIATE RESULTS.**

PICTURED ABOVE is the new design of the building of Frank Ferris, Incorporated of 130 E. Foothill Boulevard in Arcadia. The new building, ultimate in design, faced with red brick, gives the firm 120 front feet of selling space. The business started in Arcadia eight and one

half years ago in a small office building containing 40 feet in frontage. The firm now has a staff of 20 which includes six interior designers, who can answer any of your questions relative to interior decor.

### 8½ Years In Business

## Frank Ferris Inc. To Expand Its Operations

Mr. Frank Ferris, owner and operator of the Frank Ferris Inc., located at 130 E. Foothill Boulevard in Arcadia, is known in his circle as a specialist in interior design,

maintaining for your consideration a staff of 20 which includes 6 interior designers.

Mr. Ferris opened his business in Arcadia just eight and a half years ago, his success and demand for his services was so tremendous, that three years later he acquired the adjacent

property and added 40 front feet, two years later he built another 40 foot frontage, and at this date is expanding an additional 40 feet to his already busy establishment. Frank states that this new additional frontage will bring the total to 120 front feet plus addi-

tional warehouse space, giving him the facilities to show the quality merchandise that he has for presentation in quantity for a complete selection.

The new addition will also be used to display original paintings and wall decor and will enable his staff to work closely with clients without the inconvenience of using Los Angeles showrooms.

After but 8½ years of operation, Mr. Ferris points out that now his firm has acquired most of the outstanding furniture franchises and unique sources of highly original accessories and wall decor. The latter has been contributed to by Frank Ferris' world wide

buying trip which included trips to Bangkok, Damascus, Hong Kong and the European area.

To give his clients the very best that is available at all times, Frank just returned from a very extensive buying trip to Carolina, where he attended the Spring Furniture Show. Here he gathered the knowledge of what is expected on the market for fall. This information he brought back to his staff and together they are prepared to show the ultimate in furnishings.

As a member of the American Institute of Interior Designers (A.I.D.), Ferris is also well known for his many lectures on decorating

trends, and the use of the industry's latest materials in construction and design.

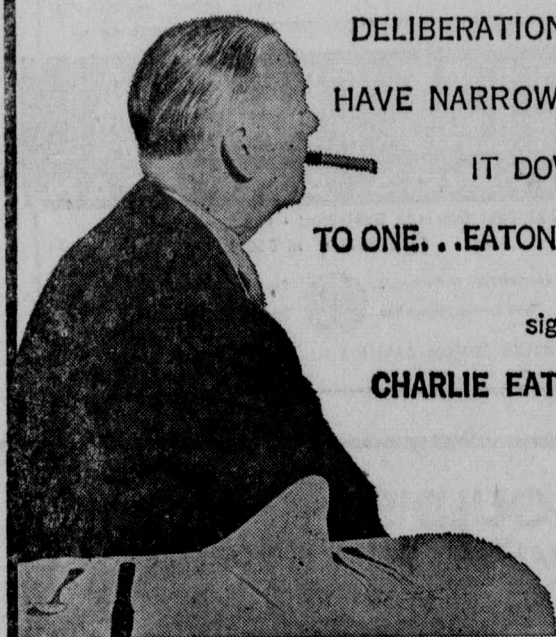

The Frank Ferris studio is further proud to announce the near completion of two display models. One is a condominium apartment located on Fairview Avenue which will open approximately August 15. The other will be a contemporary Spanish home in the Kinneloa Canyon area, designed by Pauli-Martin and Associates, and built by Lan-Ron Construction Company. This home will be open for inspection in late August. Complete information as to the address and the hours to be shown can be acquired by calling 446-4401.

**NOTICE OF PUBLIC HEARING**

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9023, that the Planning Commission of the City of Sierra Madre has fixed Thursday, August 20, 1964, at the hour of 8:00 o'clock p.m. in the Council Chambers of the City Hall, 55 West Sierra Madre Blvd., Sierra Madre, California, as the time and place for holding a public meeting on a proposed variance to allow parking within the 25 ft. setback on the south side of the proposed Suffolk Avenue extension and the deletion of five parking spaces from the 26 spaces required for property described as Lot 9, Barnards Subdivision, further described as 157 West Espananza.

Application and map are on file in the office of the Secretary of the Planning Commission. The application alleges that there are special circumstances attached to said property which

generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice to other property not be detrimental to the public welfare or injurious to persons in the vicinity thereof; in that the proposed variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties. Interested persons may attend and be heard.

BY ORDER OF THE PLANNING COMMISSION

# Letters To The Editor Show Concern...

Dear Editor:  
The following is an open letter to the Sierra Madre Mayor and City Council.

Gentlemen:  
The Foothill Areas Association strongly urges that the proposed new Zoning Ordinance should have definite guide lines written into it, along the lines proposed to the Council by the Hillside Committee.

It is only fair to a developer who is doing preliminary planning and engineering to know what conditions he must meet.

The Planning Commission and Council who must pass on new proposals under the Conditional Use Permit thesis are entitled to have a basis in the ordinance for equal treatment under similar conditions. The citizens of Sierra Madre are entitled to know that minimum restrictions are in effect to protect from further disasters; and to protect new citizens — the buyers of property which will be developed under these ordinances. The new Grading Ordinance is a long step in the right direction; now let us follow through with a proper zoning ordinance. The conditional use permit idea proposed by the Planning Commission, without any rules written into it, is not enough.

Perhaps the Santa Monica Mountain ordinance, drafted for a much larger area, is not exactly suitable for the Sierra Madre hills; but it is a good model. The Hillside Committee recommended, among other things (report on file with Council) lot sizes progressively larger according to increase of slope of raw land, lot frontage minimum 90' at building site, fully underground utilities (electricity, telephone and T.V. cables etc.) and of course all slopes to be fully planted and maintained, and full compliance with new excavation and grading ordinance. The whole objective should be to minimize moving of earth except as absolutely necessary, and to hold down density.

We urge that these and any similar recommendations of the ad hoc committee should be written into the new zoning ordinance. These rules should be laid down now — it should not wait for any further study.

—T. R. STETSON,  
President Foothill Areas Association

Dear Editor:  
I am writing with reference to your comments about the John Birch Society in the "Carrot Top" column in the issue of July 23, 1964.

As a member of the John Birch Society for over 4 years, right here in Sierra Madre, I can readily testify that you have resisted all efforts to recruit you into the Society. However, we have been deeply grateful that you have given us space to express the conservative point of view. We note that you have also printed letters to the editor which espoused the liberal viewpoint.

Sierra Madrans are not given to neutrality or mediocrity, it seems. Most of us have some pretty well defined ideas where politics and government are concerned. We believe you have taken pains to see both sides aired.

What really disturbs me as a JBS member was the inference that all JBS members were Republican or that we represented only the Republican point of view. It is a known fact that at least one half of the members in the Society nationwide are registered Democrats. Some of the strongest areas for the Birch Society are in Louisiana and Texas where the Democratic Party rules supreme.

The Birch Society does not endorse candidates for office. It does not enter into partisan political issues. It does just what it claims to do. It stands for less government, more individual responsibility and a better, more moral world. It hates Communism and fights collectivism wherever and whenever it appears. In my opinion, some of the finest people in the U.S. are members of the John Birch Society but not all the good people are members. While we wish we could have you, Mr. Editor, as a member, we would never want you to labor under the delusion that this was any kind of a Republican Club.

— A BIRCHER

Dear Editor:  
I would like to take this medium to publicly thank all the wonderful helpers that worked so hard to make the recent Little League Tournament game such a success.

There were so many fathers, managers, coaches, and even whole families that would bring their picnic baskets to the ball field and help with the many projects being undertaken. Knowing that if any names are mentioned at all, I would have to use much space to include every one — then there is the possibility that I might miss someone. I hope that by sincerely extending my "THANKS" to everyone involved, they in themselves will know who I am thinking of.

I also thank your News for the complete coverage; the Police Department for their assistance; the medical and first-aid preparations; the city for their cooperation, and many other agencies that cooperated.

We had a top-notch umpire staff, that saw the Sierra Madre All-Star team take the first two games that could take them to Williamsport to the World Series. Last, but certainly not least, the enthusiastic manager and coach of this year's team added greatly to the success of the tournament games.

—BERT EMBREE  
Tournament Director

Dear Editor:  
The following is an open letter to Hon. Eugene McCarthy.

The Hon. Eugene McCarthy Senate Office Building Washington, D.C.  
Dear Sen. McCarthy:  
It has been reported to me that on the July 26 Meet The Press television program, you made some references to The John Birch Society.

According to reports received by this office, I have been told that you stated that The John Birch Society has a specific program of encouraging its members to send unsigned letters of protest and to make unidentified telephone calls. Let me assure you that this is not only false, but we have time and time again stated in our John Birch Society Bulletins and in the Blue Book of The John Birch Society that our members should always identify themselves as individuals, be polite, and use all normal traditions of human decency. This, of course, does not mean that we can guarantee that every single member — or outsider claiming to be a member — will follow this recommendation, but your statement that this is a general policy or program of the Society is incorrect.

As a former member of the House of Representatives, I am aware of the code of ethics of the United

States Senate and of the House. I was sure that you would want to be apprised of this inaccuracy and that you will make every effort to see that this falsehood is not perpetuated. Because your statement received such wide attention on television, I feel it only proper that I release this letter to the news media.

If you have further questions about our fine organization, I would most assuredly be interested in hearing directly from you.  
—JOHN H. ROUSSELOT  
Director — Public Relations, John Birch Society

Dear Editor:  
I am responding to your editorial entitled "Learn the Truth."

A person bringing a complaint of discrimination to the F.E.P.C., the agency designated to administer the Rumford Act, must waive his rights to sue through the courts. The alleged discriminator does not. The F.E.P.C. investigates and attempts to conciliate. If conciliation fails, the next stage is a public hearing before the seven F.E.P.C. commissioners, a representative and responsible group which includes a past president of the California Real Estate Association.

Assuming that the F.E.P.C. finds against the owner and orders him to make housing available to the would be renter or buyer, the owner may still appeal his case to the courts.

I must emphasize that the Commission has no police power; it cannot send a homeowner to jail. (The only way an owner can be put in jail for contempt of the court after the case is out of the hands of the Commission and in the hands of the court.)

Therefore, this is my point, a person accused under the Rumford Act is not prevented from getting a jury trial.

I would also like to add that the machinery of the Commission spares both the homeowner and would be buyer or renter, in most instances, the notoriety and expense of a court battle. (To date, out of 97 complaints brought before the Commission, only one has reached the stage of public hearing.)

—JEAN E. ASTRIN

## Take your problems to Church this week —

*millions leave them there!*

### That Summer Afternoon

I'll never forget the day we took this picture. The sun was shining brightly and we'd gone for a ride in the country, my husband Tom, Thelma and I. We came to this field full of daisies and we stopped, and I braided a crown of flowers for Thelma's head. She was wearing a brand new dress and she had a new little parasol too. I thought she looked like just about the happiest and prettiest little girl alive.

How thankful I was! For our Thelma had just weathered her first serious illness, and for several weeks there had been days and nights of incredible anxiety and heart-rending prayer.

Now, watching Thelma in her new-found health, I thought of our church. Not only our minister, but members of the congregation, people whom I scarcely knew, had rallied to our side during Thelma's illness.

Just having them — just knowing that they were adding their prayers to ours, had meant so much. And now, I knew, they were sharing our jubilation.

How sorry I feel for people who don't go to church. For they miss one of life's great truths — the knowledge that if you have the Church, you can never again be alone.

**THE CHURCH FOR ALL — ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

## Extremism? Yes and No

Old liberals — or moderates — never die. Nor do they seem to fade away. New York's Governor Rockefeller and Senators Keating and Javits; Ambassador Lodge; Michigan's Governor Romney; and even Senator George D. Aiken of Vermont, find nominee Barry Goldwater's political philosophy too extreme for them to accept. They indicate they'll go their own way in the fall election campaign, short of bolting to President Johnson, unless the Arizona comes around to their way of thinking.

The difficulty in their minds, of course, centers upon the "extremism" sentences in Mr. Goldwater's acceptance speech. Conveniently they remove them from the context of the Senator's admonition that "We must not see malice in honest differences of opinion no matter how great, so long as they are not inconsistent with the pledges we have given each other in and through the Constitution."

Senator Goldwater gave an impassioned plea for law and order. Senators Keating and Javits, Governor Rockefeller, and Ambassador Lodge expressed their views by joining a CORE sponsored parade in San Francisco organized to knife Goldwater and to reprove San Francisco's courts for punishing lawbreaking civil rights demonstrators.

Ironically enough, it was Senator Aiken who cut through to the heart of the matter when in an interview following the GOP convention he observed that "When an extremist is on your side it's a good thing. But when he's against you, he's terrible."

## Something Has Happened

One of the more intriguing results of the national GOP convention in California was the realization that something has happened to the image of national newspaper and television commentators in the minds of the great American public.

When former President Eisenhower, in the midst of a calm but well received speech, lashed out at "sensational-seeking columnists and commentators," he struck a responsive chord among convention delegates and spectators that not only obviously surprised him, but amazed and startled the press and television corps as well.

Eisenhower was not addressing himself to Smalltown Newspaper, U.S.A., nor even to the day-in, day-out reporting in most metropolitan newspapers. Instead, he was talking about a special breed of communications expert that has sprung into prominence in the decades since World War II: the nationally syndicated columnists and television commentators who have in common an intolerance of dissenting viewpoints, an air of superior wisdom and Olympian omnipotence, and above all an uncouthness, particularly when viewed on TV, of gagging proportions.

The cheers that greeted Ike were in recollection of such columns as Joseph Alsop's of last March which smugly declared that "no serious Republican politician, even of the most Neanderthal type, any longer takes Goldwater seriously." And of the many columns of Walter Lippmann, who a year ago, when the nomination of Senator Goldwater seemed remote, opined that "it might clear the air" if the Republicans nominated a truly conservative candidate "after 40 years of frustration," but who developed a truly alarming case of hysteria when the Senator's nomination became imminent.

The enthusiastic approval which greeted the former President's remarks was a reaction to the extremism of such columnists as Drew Pearson, who "reported" that "the smell of fascism has been in the air at this convention." And to the smear report of a CBS commentator, never properly retracted, that Goldwater's planned trip to West Germany was to seek a liaison between U.S. conservatives and neo-Nazi groups in Germany. And to the type of misquoting exemplified by NBC's Sander Vanocur when he referred to the controversial passage in nominee Goldwater's acceptance speech as "excess being no vice."

It is hardly surprising that the excesses of the nation's opinion-makers have backfired with the public, and that, in the words of Claire Booth Luce, "a reader backlash" apparently has set in. What is surprising, and a little shocking, is the response of the professional critics to criticism: in their stunned, unbelieving reaction to President Eisenhower's comments and the emotional agreement they evoked, the great ones revealed that underneath it all, they are thin-skinned and sensitive, waiting to be loved and capable of being terribly, terribly hurt.

## Freedom Loss

"It was all very simple," said the smiling, soft-spoken man.

"First I put out some corn. At first they would not eat it."

"Then some of the young ones grabbed an ear and ran off into the thicket."

"Eventually they were all eating the corn, so I commenced building a pen around the corn — a little higher each day."

"When I noticed that they were all waiting for me to bring the corn, and had stopped grubbing for acorns and roots, I built the trap door."

"Naturally," said the patient man, "they raised quite a ruckus when they saw they were trapped!"

"But, I can pen any animal on the face of the earth if I can just get him to depend on me for a free hand-out."

Handouts, whether in the form of Federal aid or favors or protection for various groups, cost us not only the tax dollars from our pockets, but a loss of freedom as individuals through increased governmental controls necessary to support these programs.

## FREEDOM

At Any Price

By H. V. Witty

In the dying moments of the sixteenth century Sir John Harrington spoke these words:

"Treason doth never prosper, What's the reason? For if it prosper, None dare call it treason."

The late Joseph Pulitzer made the analytical observation that "our republic and its press will rise and fall together."

Freedom At Any Price has on occasion pointed out that the American Press, Radio, and Television have been guilty of acts which have tranquilized many Americans into accepting the present administration's proclamation that "none dare call it treason."

Damning undeniable evidence is fast piling up against the liberal segment of the fourth estate. It is quite apparent that there exist, within the ranks of the press, newsmen whose moral fiber is sadly lacking.

These gutless wonders choose the easy life of being governmental favorites with the accompanying "leaks" and "tips" as a basis for twisted news coverage in payment for future patronage. In the court of Supreme justice these parasites will most surely be found guilty — for in this highest of all courts treason will be properly recognized as treason.

It has recently been called to the attention of reading Americans that "the newsmen of America must share with the U.S. Department of State the responsibility for the fall of China, the butchering of Budapest, Castro's rise in Cuba, and the destruction of the anti-Communist forces in Indonesia, Laos, Algeria, and the Congo."

"If alert, conscientious reporters had rejected official State Department press 'handouts' and 'briefings' and dug out the known and documented backgrounds of Castro, Ben Bella, and Mao Tse-Tung, these Communist dictators wouldn't be in power today in Cuba, Algeria, and China."

"If the American press had consistently informed the American people about the repeated failures, mistakes, and stupidity of the State Department, the mess in Washington would have been cleaned up years ago. Communism would not be threatening America today from an armed stronghold just 90 miles off Florida."

Says John A. Stormer in his currently popular paperback **None Dare Call It Treason**, "The sins of the press are not limited to printing what it is handed. Instead, the American press has ignored, and at times deliberately covered up, the disclosures of repeated stupidity, if not treason, in high places."

As James J. Kilpatrick, editor of the Richmond News Leader, puts it: "When newspapers stoop to the shoddy and indefensible slanting now evident in their columns of news and commentary, we are bound to express on behalf of a profession we have served for 25 years, a sense of outrage and a sense of shame."

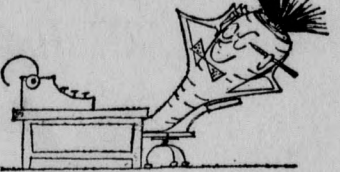

INTERESTED IN THE  
John Birch Society?  
Write Box 82  
Sierra Madre

The obvious distaste of the liberally controlled segment of the fourth estate for Senator Goldwater might quite possibly contribute the margin of victory necessary for his election in November. As has been reported: "The vicious bias of the press and the television networks against Barry Goldwater may yet prove one of the Senator's greatest assets."

This columnist shares in the prediction that, in the end, the people will repudiate this press and television manipulation; they will spit in Chet Huntley's gelid eye for the sheer pleasure of letting him know that they do not choose to have newspaper and television reporters do their thinking for them.

It is more than just a possibility that the smear Goldwater press may ultimately prove itself a disgrace to its profession.

## CARROT TOP

tell you what happened when I returned from Portland on Sunday, because we started out two hours and fifty-five minutes late, and I know that you would not believe me. All in all, Peggy and I had a wonderful trip, and we hope to do it again and soon.

A lady called me the other day and asked me if I knew what could be done about the trouble that she was having, more commonly known as "Car Sickness."

—CT—  
I thought for a minute, then I said to her... Car sickness can be cured by a simple method, because it is an illness that comes around about every 30 days. Just before the car payment is due, I would suggest paying your balance. You can imagine what she said.

—CT—  
Not wishing to end my column before I say something politically, I offer you the following... "Goldwater cannot be acclaimed into the Presidency, but he may very likely be kicked into the White House."

—CT—  
And in closing, let me remind all you good people who are on the bandwagon for Goldwater. Follow the good advice of Abe Lincoln when he said "root hog or die." And I think that state-ment needs very little explanation, I hope, I hope, I hope.

Kappa Deltas To Enjoy Barbecue  
A shiskabob barbecue will be enjoyed by the members of Pasadena Alumnae Association of Kappa Delta and their husbands on Saturday, August 8th at 7:30 p.m. at the home of Mr. and Mrs. David W. Small, 136 W. Palm Dr., Arcadia.

Mrs. Arnold E. Gehlken is in charge of the arrangements. She is being assisted by Mrs. Leon E. Foley, Mrs. Donald S. Tuttle, Arcadia, and Mrs. Gordon Taylor, San Marino.

Any Kappa Delta interested in attending may telephone 286-6901 for reservations.

## Business Activities

million persons resided in the 14-county area.

Total civilian employment rose during the first six months of 1964 to a new mid-year high of 4.1 million jobs, an increase of approximately 125,000 over the year-ago level. The largest gains were recorded in the trade, services and government sectors. All metropolitan areas shared in the expansion. Employment in the Los Angeles-Orange County area exceeded 3 million, 2.8% over mid-1963.

Unemployment throughout Southern California showed little variation from the comparable period of 1963. During the first half of 1964, the ratio of unemployed to total civilian labor force averaged 6.1%. In the Los Angeles-Orange County area, unemployment averaged 5.8%. The rate for the nation has averaged 5.4%.

Manufacturing employment in Southern California showed little change during the first half of 1964.

Demand deposits of commercial banks in the city of Los Angeles were virtually unchanged from year-ago levels. Business loans increased substantially, and as of mid-1964, the dollar volume outstanding was nearly 11% above the level of a year ago.

Business failures in Southern California were below the average of the first half of 1963. The number of failures was down by 2.9%, while the dollar valuation of total liabilities was 2.3% lower.

Personal income, reflecting continued economic expansion, rose to a new high. During the first quarter of 1964, total personal income in the state was 7.0% over the similar quarter a year ago. Per capita income was 21.5% above the national average. The increase in personal income continued to outpace the "cost of living" rise. The latest monthly consumer price index for the Los Angeles area was 2.1% above the same month a year ago.

Manufacturing payrolls in the Los Angeles area during the first half of 1964 rose by a modest 2.3% over the same period of 1963.

Retail sales have been one of the strongest sectors of the Southern California economy thus far in 1964. For the first quarter, taxable retail sales were up 10.8% over the comparable quarter last year. The rise in retail sales has also been reflected in department store sales, which averaged 10.5% above the first half of 1963.

Building and construction activity reached another all-time high during the first half of 1964. In terms of dollar valuation, construction volume in the 14-county area was 6.4% above the same period a year ago.

Nonresidential building scored the greatest gain of any construction sector, a 14.4% increase over the first half of 1963. The gain was largely attributable to engineering construction contracts (up 16.9%) and other miscellaneous sectors of the nonresidential category, including State and Federal projects. Commercial building and industrial building, accounting for about 30% of the nonresidential total, declined sharply — by 26.1% and 13.7%, respectively.

Residential building during the first half of 1964 was relatively unchanged from a year ago. Dollar valuation was 1.2% over the same period of 1963. The trend toward apartment construction continued, with the number of multiple units authorized up 3.8%. The number of permits authorized for single family homes declined by 12.1%.

## OUT OF THE COBWEBS

10 Years Ago:  
August 6, 1954

Sierra Madre police said farewell with mixed emotions Tuesday morning to a bright-eyed mischief who wreaked havoc at headquarters before spending a couple of hours behind bars in the local lock-up. The unpredictable character of their black-masked prisoner spurred police in following up a lead which brought Mrs. Earl La Lone of 380 Ramona to the station to claim her pet racoon, "Spooky."

In reporting to the Sierra Madre Public Library board of trustees on one of the busiest years in the institution's 68-year history, Miss Lulu Moore, librarian, explored the fact that the library is "still carrying on in the old overcrowded building." When The News asked Webster Vannier, president of the board, for a comment, he made two points clear (1) Funds on hand are sufficient to build but not equip the basic shell of the library building; (2) Delay now is due to the strike in the lumber industry.

One of the chief aims of the associates at the Sierra Madre Medical Center is to provide emergency medical facilities for the community. Larry Lomax, business administrator, told Kiwanians at their last meeting. Lomax also gave highlights of the Center's long-range plans, which include a hospital on adjacent grounds, and he displayed architectural sketches incorporating ideas which the Medical Center group hopes to make reality in future years.

Mr. and Mrs. Sterling T. Ripple, 193 W. Sierra Madre Blvd., and their children, Susan and Kenneth, have recently completed a month's vacation.

20 Years Ago:  
August 3, 1944

Tentative plans for fall were outlined at a midsummer meeting of the board of directors of the Woman's Club. A breakfast honoring new members will be held late in August at the club.

Campaign For M.S. Society

High fund-raising costs was given as a major factor for discontinuing the house-to-house solicitation for funds this year by the Southern California Chapter, Multiple Sclerosis Society, according to Kent S. Bramwell, executive director.

"The M.S. experience has been that after our agency had gone to great expense to recruit neighborhood workers and supply them with their kits, over 30 per cent do not make their calls or do not return their kits back to the agency."

"On the other hand, neighborhood workers who do call on their friends receive generous contributions. Even then, the cost factor exceeds 50 per cent overall," Mr. Bramwell continues.

"The soundness of our policy of discontinuing the house-to-house solicitation is reflected in a reduction of campaign costs from 24 per cent to 14 per cent in 1963."

"The M.S. Chapter will now have to rely on larger and more gifts from corporations and contributions from individuals to meet budget needs," Mr. Bramwell concluded.

## Church Notes

The worship services of Bethany Church of Sierra Madre during the absence of Pastor Robert Schaper, who, with his wife Margaret, is on a missionary trip, will be assumed by members of the church staff, representatives of missionary organizations supported by the church, and several laymen in the church.

This coming Sunday morning, Aug. 9, Assistant Minister Rev. Hugh S. Bell

will speak. Rev. Bell is associated with his father in a Sierra Madre-based missionary service organization called Mission Aides. Mission Aides seeks to minister to the missionary, giving him tools with which he can better fulfill the commission given by Christ: "Go into all the world and preach the gospel." This is especially true of their current ministry of providing many of the messages used by missionary radio overseas.

On Sunday evening at the 7 o'clock hour, an Old Fashioned Hymn Sing will be conducted by church members Stan and Orpha Moyer, assisted by members of the Worship Services committee of the church. Mr. Moyer is a businessman from Altadena and has conducted several of these fellowship sings in other churches, bringing a fresh approach to the use of music in worship. A time of fellowship will be held following the evening service in the church Fellowship Hall. The public is cordially invited to attend the services of the church located at 93 N. Baldwin in Sierra Madre.

## Bible Lesson For

Aug. 9 Announced

Using "Spirit" as a name for God, the Christian Science Bible lesson on Sunday will explore how the qualities of spirit bring harmony into human affairs.

Bible readings will include this description: "The fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, meekness, temperance; against such there is no law" Gal. 5.

Among selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following: "Mortals must gravitate toward the spiritual — they grow spiritual — they must near the broader interpretations of being, and gain some proper sense of the infinite — in order that sin and mortality may be put off" (p. 265).

## Bethany Church

## Vacation Bible

## School Convenes

Vacation Bible School at Bethany Church is in full swing this week with children from age 4 through grade 6 meeting in the morning at 9 to 11:30 studying the Bible and participating in handicraft and other projects around the general theme, "Around the World With Christ." Much of the interest of the school centers around the content conducted by assistant director, Miss Lila Stank.

The school will continue the rest of this week and next. One innovation for this year is an evening school for youth and adults consisting of four nights studying on the general theme, "Christ and the Fine Arts." Margaret Schaper, church music director, this week gave two lectures on the hymns of the church. Each night following these sessions, part of the feature length film, "How We Got Our Bible," was shown. This outstanding film, produced by the American Bible Society, won the 1961 Blue Ribbon Award at the American Film Festival.

Next week on Monday and Wednesday nights at 7:15, Mr. Carl Houben, a Montevideo artist, will lecture on the theme, "Art as a Means of Spiritual Expression." The last part of the film will be shown on Monday night.

The public is cordially invited to attend these evening sessions held at the church at 93 N. Baldwin in Sierra Madre.

## Rabbi M. Wasser

## Appointed To New

## Arcadia Temple

The appointment of the spiritual leader Rabbi Max Raphael Wasser, nationally known leader in the Conservative Judaism movement, has been announced by the new Foothill Jewish Temple-Center being built on South Second Avenue in Arcadia.

Rabbi Wasser, who has occupied the pulpit at Aurora, Illinois, for the past six years, assumes his duties here on August 1.

First services in the new temple are expected to be held during the High Holidays in September.

A garden reception for Dr. and Mrs. Wasser will be held Sunday afternoon, August 9, at the home of Mr. and Mrs. Frank Ackerman. Mr. Ackerman is president of the congregation.

Dr. Wasser majored in the social sciences at Yeshiva University. He also received, in addition to his B.A., a teacher certification and a masters degree.

Mrs. Wasser majored in psychology and education and received her M.A. degree from Hunter College, specializing in education for the handicapped.

Both have been active in civic and communal organizations.

Membership applications and reservations for the High Holidays are being accepted by the Foothill Jewish Temple-Center. For information, contact Sam Adler, membership chairman, AT 7-0775, days, or HI 6-0773, nights; or the Temple secretary, Sally Roane, EL 5-2230.

## Dr. Barnhart Announces Services

The law of unanswered prayer is always in action in the universe and operates in and through the individual at the level of his consciousness. This truth will be discussed in the sermon-topical, "Praying With Power," by Dr. Ethel Barnhart at the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, Sunday morning, Aug. 9, at both the 9 and 11 o'clock worship services. Child care is provided at both services. The public is invited.

The spiritual education of the children includes a 15-minute worship service with their parents in the sanctuary at 9 a.m. Children from kindergarten through eighth grade are provided for.

The Youth Activity for high school and early years of college will meet throughout the summer at 7 p.m. Weekday activities include a Tuesday evening class in "Living Religions" conducted by Dr. Irma Glen at 8 o'clock. If interested, please call the church for more information.

A "Workshop in Better Living" is being conducted by Dr. Barnhart Thursday mornings at 11 o'clock. This workshop is devoted to the application of spiritual law to everyday problems. Definite techniques of handling specific situations are presented. Many people are proving in their lives that there can be no material resistance to spiritual consciousness.

Course work will begin in the church the first week in October. The program will include a First Year Course in Fundamental Principles of Truth based upon the Bible of Science and Mind Textbook by Ernest Holmes; a Second Year Course in "Effectual Prayer," and a Practitioner's Course in the "Healing Consciousness." These courses are open to the public. If you would like to receive our catalog of the courses, please send your name and address to the church or call HI 6-8206.

## Dog Training

## Changes Schedule

The Santa Anita Dog Training Group has had to change its training schedule in all three of its locations.

The new dog obedience class in Arcadia County Park will start on Monday, August 10, at 7 p.m.; the one in West Covina will start on Tuesday evening, August 11, at 7 p.m., and the one in El Monte will start on Tuesday evening, August 11, at 8 p.m.

These classes are very popular at this time of the year in the cool of the evening. Any dog five months or up may be enrolled. For further information as to proper equipment and exact location please call HI 6-6858 or EL 9-1481.

## Vella Views

By  
Toni Maurin  
SYcamore 7-9634

Just call me fearless . . . I may be a pioneer in the newest coiffure to appear on the horizon. It came about this way: I always fancied that my prematurely (?) grey hair was a mark of distinction. Its texture is full bodied and wirey. It is the kind of hair if allowed to grow long has a tendency to blow and waft in the breeze like in the ads on television. I fancied also that the calculated carelessness with which it fell softly over my forehead was flattering—though rather obstructive to the vision. Little did I realize that it was hiding my cool and limpid green eyes, nor was I aware that anyone cared.

At least, that is what I thought till one evening "his own self" and I were watching television and were treated to a view of the newest hair style—fresh out of Paris—and fresh out of front hair. I refer to the fashion that calls for you to shave the forelock back to about mid-cranium and fluff the remaining tresses much in the fashion of a poodle.

"There," said Himself, "is the style I would like to see on you!" I didn't know he cared. The only thing that is delaying my action is my indecision on whether to go to a beauty parlor or a poodle parlor . . . In either case, I'll be seeing the world through air instead of hair!

Mr. and Mrs. Charles Klingerman of Wynn Road had the pleasure of entertaining at a pre-nuptial luncheon last Sunday at their poolside. The guests of honor were Miss Denise Martin and her fiancé, Mr. Michael Paulin, and Miss Regina Paulin and her fiancé, Mr. Richard Hunsaker. Denise and Mike will be married on Sept. 5 and Regina and Richard will say their vows on Oct. 24. Mike is the Klingermans' godson. Mrs. Klingerman artfully decorated her buffet with

white doves and fresh flowers from her garden.

Present for the occasion were Denise's parents, Mr. and Mrs. Leo Paul Martin of Burbank, and her grandmother, Mrs. Godfrey Hagens. Parents of the bridegroom, Mr. and Mrs. D. M. Hunsaker, were there. Bride and bridegroom from the Paulin family were represented by their parents, Mr. and Mrs. Clarence Paulin; their sister, Miss Elizabeth Paulin; their brother, Mr. Steven Paulin; their aunt, Mrs. Clifford Hancock, and their cousins from Burbank, Mr. and Mrs. Michael Blewett.

In addition to the family group were Mrs. Klingerman's sister and family, Mr. and Mrs. Byron Cavanaugh, and Ensign Byron Cavanaugh, and Carole and Patrick, as well as the two Klingerman children, Mark and Jan.

Mr. and Mrs. Ken Christianson of Sierra Madre Villa have a real talent for giving family parties and a beautiful yard to accomplish this feat. Their most recent soiree was to entertain the members of Peg's Huntington Memorial Clinic Auxiliary bridge group with their families. Their day consisted of lots of swimming, games and music supplied by a three-piece combo, courtesy of the Cummins family. Those invited were Mr. and Mrs. John Roberts, who were unable to make it because of a prior commitment, Mr. and Mrs. William Caldwell and their daughter and son (Candy suffered the first casualty of the season by falling from the rope swing and breaking her arm), Mr. and Mrs. Harry Christianson and their three children, Mr. and Mrs. Carleton S. Carver and their son, Mr. and Mrs. Robert Gibson, with their three children and their nephew, Mr. and Mrs. Vincent Heublein with their six children, Mr. and Mrs. "Hap" Frazer and their three children, Mr. and Mrs. Blair Hyde with one of their sons, and Mr. and Mrs. Matthew Slavin and their son, Chip.

I just wanted to say a word or two about Kip Christianson. He returned last week from the Boy Scout Jamboree after having an extra week sightseeing in the East. His uncle, Bud Walls, picked him up at the Jamboree site and took him to Hyde Park. From there, they went through the Cat-skill Mountain country and the Howe Caverns. Next they went to Stonebridge Village, Mass., where Kip had the opportunity of seeing the natives make candy and have cookies fresh from the oven. Bud took him to the Riverside Park Amusement Center and then on to Hartford, Conn., where he spent two days at his uncle's cabin in the hills near Hartford, surrounded by running streams and beautiful trees. As a climax to this trip he was entertained by the executives of the Connecticut Mutual home office before flying home. It was quite a trip for a young man and Kip earned a greater share of the money for it himself.

This week has been filled with a kind of sadness for me. Mr. and Mrs. Sam Matloff sold their Old House Road home and have started out on an entirely new adventure, but their absence leaves a great void in our lives and in the neighborhood.

They have bought themselves a new huge double coach mobile home and will be living in Topanga Canyon in the very near future. Their plans are so exciting I would not begrudge their move for other than selfish reasons. They intend to do a lot of traveling around the countryside, as well as Canada, and may even take a tour through the Continent in the future. How could we wish them anything but "Boy Voyage"?

**Lynn Golden Will Attend Chapman**  
Lynn Marie Golden, daughter of Mr. and Mrs. John Junior Golden, 431 E. Grand View, Sierra Madre, has been accepted for admission as a freshman in September at Chapman College, Orange, Calif. Dr. John L. Davis, president of the college, has announced. Miss Golden is a graduate of Pasadena High School.

## Bonelli Blasts Auto Club's Mass Transit Survey Report

"The mass transit survey report ordered by the Automobile Club of Southern California is totally lacking in objectivity," County Supervisor Frank G. Bonelli criticized recently, "and there is absolutely nothing reported in the study that has not been known by everyone for many years."

The supervisor continued: "We in this county and in Southern California are well aware that our area is unique in that our entire economy is centered in and around the automobile. For two hours every morning and every evening our freeways become the world's largest parking lots. Nonetheless, our freeways, those already completed and those yet to be finished, are still our greatest asset as a mass means of transportation."

"The Auto Club report is totally lacking in sound objectivity and is not visionary or imaginative. We must have all three things if we are to keep from being bogged down in our own mire of traffic congestion created by the automobiles. If we are ever going to induce a large segment of our free-way users to get out of their cars and off the freeways it can only be accomplished by a mass medium of rapid transit with vision and imagination that can and will provide popular appeal."

"Projecting the explosion population growth of Southern California, with some 30 million people in the next 36 years (or the year 2000) living in the area stretching from Santa Barbara to San Diego, we will have need for the entire freeway system, an effective visionary and imaginative mass medium of transportation and a toll road, double-decking of our main corridor freeway routes."

"The transit problem of the county and Southern California cannot be dealt with or solved by a provincial attitude or approach. It is hoped that the new Southern California Rapid Transit

District, with its broad, countywide representation, will provide the objectivity, vision and imagination that is needed to deal with the whole problem effectively."

## Letters To The Editor . . .

Dear Editor:

On behalf of the United Cerebral Palsy Association, we wish to express appreciation for the fine support which you gave our annual May campaign and our telethon, May 16-17.

Through your generous donation of space, you alerted the public to UCPA's need for funds and also explained the problem of cerebral palsy, a multi-crippling condition affecting approximately 17,000 persons in Los Angeles County.

Although we do not yet have a final count of campaign results, we are happy to report that to date \$250,000 has come in from our campaign and in addition, \$220,000 has been received from pledges on our 19½-hour telethon.

We feel that your interest and assistance contributed greatly to this success.

Sincerely,  
—JOSEPH J. LA BARBERA,  
Public Information  
Chairman.

M-M-M-M

## Charles Bergen Succumbs July 29

Mr. Charles A. Bergen, age 68, passed away very suddenly July 29 at the Sierra Madre Community Hospital. He was originally from New York, but had lived in California for the past 32 years and in Sierra Madre, at 215 Wilson St., for the past six months. Mr. Bergen's occupation was a carpenter, and he was a veteran of World War II.

Survivors include Mr. Bergen's sister, Mrs. Hazel D. Hedlund of Pasadena, Mrs. Helen Thomas of Las Vegas and Mrs. Ruth Fraser, also of Pasadena; also nine nieces and nephews. Funeral services were conducted by the Rev. Karl Beilstein on Aug. 1 at the Ripple Mortuary Chapel. Interment was at Mountain View Cemetery.

## so...what's NEW about Barbecue?

The fact that our's is old-fashioned... that's what's new! Here, barbecue is made with pride and tradition... swabbed and browned for long, patient hours. Artificial heat? NEVER! We let lazy wood smoke from hickory embers do the tantalizing job! We think you'll have a fit over barbecue from our pit! It's worth a try, don't you think?

## Letters To the Editor . . .

I may not believe in what the man says, but I will defend to my death his right to say it.—(smaller words of Voltaire)

Dear Editor:  
Once more California Public Utilities Commission is hearing passenger train curtailment applications. This time Santa Fe San Diego line is involved. Testimony at these hearings is a pious recital of obligation to provide service regardless of profit or lack thereof. This, the good citizens of welfare utopia expect of public utilities, including railroads. It is not generally known that there is a difference between railroads and certain utilities which enjoy monopoly in their service areas. Railways face stiff competition by airways and highways offering tax-free right-of-way, traffic control, air mail subsidies and elaborate public airport installations.

Such hearings have droned through decades, procedure unchanged, while Pacific Electric Railway fell apart and reduced the former City of Angels to a 1,000 square-mile traffic jungle, free from transportation. The miserable, reeking, creeping cattle truck bus can never provide adequate transportation. The writer has used San Diego trains several times a year for 47 years. All this time the railway made sincere efforts to tailor the service to the needs and desires of inter-city passengers. Utilities Commission is conscientiously trying to reach a fair decision to minimize railroad losses and passenger inconvenience. It cannot please all concerned because its hands are tied

by the medieval atrocity of alleged transportation policy.

The right hand of government knoweth not what the left hand doeth! PUC hearings are an exercise of bureaucratic futility as long as Uncle Spenndrift continues to bribe passengers to stay off trains and board planes with half the fare paid by all taxpayers. Through soul searching PUC hearings, state highway empire builders continue to draw the highway noose about our self-reliant railroads' tracks and State Board of Equalization continues its mid-Victorian tax gouge of railroads. The hoary practice of assessing utility property at double or more the rate applied to other private property began in the trust-busting era of the 19th Century. It is a callous example of "soak the corporations all the traffic will bear." In today's competitive transportation, railroad traffic can no longer bear this tax abuse.

A new approach to train-off hearings seems long overdue. Railways are required to defend each train-off application. Let competing airlines also be summoned to show cause why their vigorous, mature industry persists in wearing infant industry subsidy diapers. Let superhighway empire builders be called to justify their voracious appetite for taxable real estate. Let Board of Equalization try to defend its in-

## SPORTS

AS

### Hank Ives SEES IT

THE CRY OF THE ALBACORE HUNTERS . . . "You should have been here yesterday." The elusive long-fins can lead the anxious angler a merry chase. Many a fisherman has given lots of time, lots of no-sleep, and lots of moolah in quest of the hard-fighting, good taste in albacore.

IT MAKES YOU WONDER why major league baseball teams schedule exhibition games in the heat of the title race. The Phillies and Orioles, both showing signs of wear and tear in their quest of first place, faced each other in an "it don't count" battle last week. They should have been getting needed rest.

BOATING TIPS THAT MAKE SENSE . . . 1. Don't overload your boat. 2. Don't stand up except with care and when necessary. 3. Never make a sharp turn at high speed. 4. Keep a sharp watch around you. 5. Keep an eye on the weather.

GUESS WHO THE predominant professional golfer is . . . No, not Jack Nicklaus, nor Arnie Palmer nor Gary Player . . . Surprisingly enough it is a woman—Mickey Wright, the soft-spoken, heavy-hitting terror of the Ladies Professional Golf Association. Mickey has won more tournaments in the past four years than the above three players combined.

Last year, for instance, she won 13 of 28 tournaments—averaging 73 strokes per round. Now don't that make you feel like a duffer?

LOOKING BACK FIVE YEARS . . . The Dodgers brought the World Series west for the first time and set attendance records which should endure for decades. They whipped the Chicago White Sox four games to two and drew crowds of over 92,000 for their three tilts in the Memorial Coliseum. Larry Sherry accounted for two victories with Podres and Drysdale each getting one.

That was the year Harvey Haddix hurled a 12-inning no-hitter only to lose to Joe Adcock's hit in the 13th frame.

Neal Frazer was the big gun in the tennis ranks, while Billy Casper Jr., Jack Nicklaus, Gary Player and Art Wall Jr. grabbed the big golf pots.

California's Golden Bears edged Jerry West's West Virginia five for the NCAA title, 71-70, while the Boston Celtics (who else?) walloped the Lakers four straight. (They were the Minneapolis

defensible gouging of railroads, contrary to a promise made several years ago, when California railroads withdrew a lawsuit against discriminatory taxation.

Until our anti-railroad transportation policy is drastically revised to afford equality of opportunity, the alarming decline of passenger train service must be blamed on political chicanery in government, not on reluctant railroads.

Very respectfully,  
—K. FRITZ SCHUMACHER,  
Former railroader.

## You and Your Neighbor

### Vacation Plans

by Pauline

A delightful three week camping trip to Canada was recently enjoyed by Mr. and Mrs. Lee Ellerbrook of 501 E. Montecito. On their way to beautiful Lake Louise they stopped at Glacier Park in Montana, then Bann and Jasper in Canada. They also went to the Columbia Ice Fields where they rode over the glaciers on snowmobiles. In every way it was a relaxing, enjoyable and cool vacation.

Mr. and Mrs. Jack Farmer of 400 E. Laurel spent a very happy week in San Diego recently. Their four year old, Billy, was intrigued with the zoo, and they all enjoyed their other sight seeing. The rest of the summer will find the Farmers at home, eagerly awaiting the arrival of a new baby.

Mr. and Mrs. Barney Warfield are looking forward to their annual vacation in Canada. They'll drive to Vancouver to visit their families, and from there will take other trips. One of these will be a seven hour boat trip to Victoria, where the Warfields used to live

## The Original Weber's

### COVERED BARBEQUE KETTLE

An entire new concept in barbeque cooking that  
seals in flavor! Priced from **\$34.95**

Foods cook better in a Weber! Two-grill principle lets air circulate under the exclusive Weber cover, distributes heat evenly, seals in juices and flavor. And you can control the heat for slow or fast cooking, assuring perfect flavor for every cut. Weber construction is sturdy, long-lasting . . . no moving parts to wear out. Easily assembled — 3 thumb screws, 2 hubs. Other barbeque models from \$29.95.

## New From ORTHO

### ORTHO GARBAGE CAN SPRAY

Garbage cans give off foul and offensive odors . . . Attract flies and other insects become a sanitary problem.

## HERE'S YOUR ANSWER

### Ortho Garbage Can Spray

IS A MULTI-PURPOSE PRESSURIZED SPRAY THAT —

- KILLS Flies, Maggots, Certain Crawling Insects
- CONTROLS Mildew, Mold and Organic Decay
- CONTAINS Insecticide, Bactericide, Fungicide

Just spray sides, inside lid and bottom of garbage or refuse container thoroughly after each refuse removal. Between pickups occasionally spray directly into container for a few seconds to eliminate odor and insects. For mold and mildew control, spray surface till wet.
